MEMORANDUM FOR : Chief, Operational Support Division

SUBJECT : Project Resistance  
#533 989

1. Reference is made to \_\_\_\_\_  
memorandum dated 23 May 1968.

2. A review of \_\_\_\_\_ memorandum would indicate that clarification of the requirements in support of Project Resistance (Operation Resistance) is in order. Requirements to satisfy the needs of the Special Activities Division should continue to be the same as those outlined in the TWX dated 11 December 1967 regarding same Subject.

3. "It has been requested that all field offices secure clippings of campus newspapers and other press media, of course, avoiding duplication, pertaining to campus protests and demonstrations. This is to be broadly interpreted to include national problems, such as the Vietnam War, the draft, etc., and local problems which cause significant student unrest. All major and smaller colleges and universities which have been particularly active in demonstrations should be covered.

4. This requirement is broader than the existing concern involving \_\_\_\_\_ recruiters. Field offices should continue to furnish to Headquarters clippings in connection with support to recruiters as attachments to written reports. However, for this

assignment, clippings should be submitted which involve all other recruitment demonstrations, for example, Dow Chemical and military recruiters.

5. Of particular interest are clippings which identify dissident students, student groups, faculty members and other persons and organizations participating or supporting campus protests. Due to the volume of clippings which are anticipated from all offices, it would be very much appreciated if clippings could be submitted mounted on letter sized paper.

6. It is further requested that this assignment continue until specific notification by Headquarters to discontinue."

7. There is, however, a change in that which I believe is necessary to help clarify the distribution of correspondence. For all material sent in regarding other than the materials involving recruiters I suggest that it should be designated for the Special Activities Division with the indicator I-SAD/1.
